

Locate the address of the stations that you could access from US322

```
SELECT *  
  
FROM Location  
  
WHERE Nearby_Hiway = 'US 322';
```

Further – Just the Name and Address of what is of interest:

```
SELECT Location.Address, ServiceStation.Store_Type  
  
FROM Location, ServiceStation  
  
WHERE Location.Nearby_Hiway = 'US 322'  
  
AND Location.StoreID = ServiceStation.StoreID;
```

Find a Station that sells **Gas for less than 3.49 and Tobacco for less than 5.49**

```
SELECT Location.Address, ServiceStation.Store_Type, Prices.Gas_Price, Prices.Tobacco_Price  
  
FROM Location, ServiceStation, Prices  
  
WHERE Prices.Gas_Price < 3.49  
  
AND Prices.Tobacco_Price < 5.49  
  
AND Location.StoreID = ServiceStation.StoreID  
  
AND Prices.StoreID = Location.StoreID;
```

Let's say they also need an **air pump**.

```
SELECT Location.Address, ServiceStation.Store_Type, Prices.Gas_Price, Prices.Tobacco_Price  
  
FROM Location, ServiceStation, Prices, AvailableServices  
  
WHERE Prices.Gas_Price < 3.49  
  
AND AvailableServices.Air_Pump = "Y"  
  
AND Prices.Tobacco_Price < 5.49  
  
AND Location.StoreID = ServiceStation.StoreID  
  
AND Prices.StoreID = Location.StoreID  
  
AND AvailableServices.StoreID = Location.StoreID;
```
